HDF VO Creation Form

Agreement between VO manager and HDF Services

This document (pdf) establishes a connection between the community and those services that support the community. It needs to be signed by the person in charge of the community.

<insert name of the community>

On behalf of the community I declare the following contacts and will

notify the HDF AAI Mailing list (hdf-aai@lists.kit.edu) timely in

case of change.

- Community Manager (CM):
  - <Name of the community manager>
  - <Postal Address>
  - <Email>
  - <Telephone>
- Community Security Contact:
  - <Name of the Security Contact>
  - <Postal Address>
  - <Email>
  - <Telephone>

On behalf of the community CM accepts that he has:

- Read, accepted and extended the following templates:
  - AUP-Template ([pdf] | [docx])
  - Membership Management Policy Template ([pdf] | [docx])
- Read and accepted the following policies:
  - Top Level Policy ([pdf])
  - Community Operations Security Policy ([pdf])
  - Acceptable Authentication Assurance ([pdf])
- Accepted responsibility that users will abide by Top Level Policy and its resulting policies, too

In case a VO provides Services via HDF

In this case this additional set of policies applies.

- Create logs for audit and traceability on all actions of users' membership (document under construction)
- Community Operations Security Policy ([pdf])
- Created and abide by the Acceptable Authentication Policy (document under construction)
- Created and abide by their Privacy Policies for the service ([pdf] | [docx])
- Will abide by Incident Response Procedure ([pdf])

I have read and accept the listed requirements.

The whole set of policies can be found here: [https://git.scc.kit.edu/m-team/hdf-info/tree/master/policies]
